THE STATE FAIR

Begins To-Day With a Big Show- ing in Every Department.

Some of the Finest Live Stock in the World in More Choice Selections From the Baltimore Herd— Other Notes.

This is the opening day of the second annual Fair of the Virginia State Fair and Agricultural Association. A tour of the grounds yesterday showed bustle and animation everywhere, and hundreds of men were busy installing exhibits.

A special train schedule has been arranged and there will be frequent trains to the fair grounds over the Ocean View Railway.

RACES TO-DAY. The races to-day will be: First race, 2:30 class, trotting, second race, 2:15, race; third race, 2:23 pace; fourth race, running, 3/4 mile heats. Norfolk horses start in the first three races.

THE BABY SHOW. The baby show will come off Wednesday at noon. There will be a prize for yearlings and one for two and three years old. The choicest specimens of Virginia babydom are booked for the event.

THE BILTMORE STOCK. Just now and just here Vanderbilt stock does not mean railroad shares, but it means the finest Jerseys and Berkshires and poultry that money and good judgment can buy and the best of care bring to perfection. The man who chooses his live stock is well trained in every way and brings to his work the accumulated genius of four generations of wise breeders of Kentucky live stock.

When such a man with Vanderbilt's carte blanche goes to England to buy Berkshires or to the Isle of Jersey to buy Golden Ladd stock, he brings back the best there is. Vanderbilt's herd is sure to win the prizes at stock shows. It is a lesson in breeding to study the state at Asheville in reality a great stock breeding experiment station, where he pays the bills, and from which all breeders and buyers must derive profit.

The Jersey cattle at the Fair Grounds are nearly all of the choicest Golden Ladd stock. Of whatever shade of fawn they are, or whatever proportion of their coats in black, they look in the sunlight as if gold dust had been liberally poured upon their backs and allowed to slip down their sides. Each hair is apparently tipped with shining gold.

The present head of the herd is Trevarth, sire War's Prince, out Cow-slip of Rockwell, butter record, 13 1/2 pounds 13 1/2 ounces per week; dam Xavana, butter record, 17 pounds 7 ounces in 7 days. Trevarth weighs 1,600 pounds and moves as easily as a well trained horse.

Jersey Rosebud, heifer, 11 months old, by Golden Ladd, out of Jersey Rosebud. Two heifer calves, four months old, by Golden Ladd. Not for sale. Bull calf, 11 months old, out of Animation, by Trevarth.

Ondette, yearling bull. Golden Ora, improved cow, reddish-orange head shading to pale yellow; has been milking 5 months; gives 20 pounds of milk per day now, 45 pounds when fresh.

Garland of Biltmore, eight years old, grayish fawn, black mask. Golden Tri-color, black, fawn and white, calved Sept. 7; gives 50 pounds of milk per day; has an immense perfectly shaped udder.

Queen Mabella, imported Jersey, 4 years old; calved September 8th; milks 40 pounds per day. Golden Ladd's Successor, grandson of Golden Ladd, by Golden Blaze, 2 years old in December, 1899; future head of Biltmore herd; black and fawn, dusted with gold; beautifully formed bull, having superior marks of a progenitor of milk cows.

Florine, of Biltmore, imported Gloria, by Golden Blaze. Ten heifers dropped October 18, 1897. Of-colored calves are not kept at Biltmore unless out of exceptional cows.

The cattle are well-ribbed, probably because they live in mountain pastures and climb steep slopes. The Biltmore cattle are tested twice a year for tuberculosis. At the June (1899) test but two out of 250 showed any reaction, and that but slight. One of these was an imported cow, but both were destroyed.

BERKSHIRE HOGS. Though not so beautiful, the hogs are of as high a grade as the cattle. C. C. 3 1/2 years old, weight 777 pounds; champion of the world. She has more prizes to her credit than any sow living or dead, of any age or breed.

Lady Lee, weight 816 pounds. Elmwood Star, of Biltmore, 1 year old, weight 627 pounds. Parish Council, bred in Whitshire, Eng.

Imp. Stall, Pits Council, 13 months old, bred by Jas. Lawrence. High Clear 40th, Queen of Berks, nearest relative to the original High Clear.

A pen of five hand-raised pigs four months old. A pen of four High Clear pigs, four months old. A pen of three imported pigs, four months old.

Herd under one year old; two by imported Commander; sow sold unbred for \$15.

Two pigs, 16 months old, weight 400 and 401 pounds; were intended for Royal Show. Sow, 18 months old, weight 750 pounds.

Sow, 16 months old, weight 500 pounds; has been specially fed only five weeks and is almost too fat; gained over three pounds per day. Two cows, under 6 months, weight 150 pounds each.

THE RESURRECTION

Hundreds of Men at Work on the Ruins at Pinner's Point.

Sixty House Cars of the Southern Railway With Their Crews at the Scene—Five Hundred Laborers Removing the Debris.

As soon as the officers of the Southern Railway learned of their recent heavy loss in the destruction of Pier No. 2 at Pinner's Point, with its gigantic warehouses and enormous amount of freight, word was sent all along the great line of the system and its ramifications ordered all its bridge and building gangs to the scene of the loss.

Saturday night the house cars, with their gangs of skilled workmen, began reaching Pinner's Point and through Sunday and Sunday night they arrived in dozens and special trains so that by yesterday morning there were sixty house cars with their crews, at the scene of loss and active work was begun. In addition to these men, probably about twelve hundred, a force of local common laborers numbering about five hundred, was set to work to clear away the ruins.

NEW PILING NEEDED. Where possible the old piling will be used in saving the burned ends under the water and capping the piles, but it is estimated that about 1,500 new piles will have to be driven.

Mr. D. W. Lum, superintendent of bridges and buildings of the Southern Railway, hopes by pushing the work night and day to have the new pier and warehouses completed in about forty-five days, but it is believed that it will be remarkable if the work can be done so quickly. The pier and warehouse will be of the same character, size, etc., as the structure eaten up by the flames.

DIRECT TRAIN SERVICE. After midnight Saturday night all trains over the Danville division of the Southern Railway were operated to and from Pinner's Point direct and now only one train a day goes into and leaves West Norfolk each day. This train has no connection to or from Norfolk.

Almost all of the A. & D. rolling stock and paraphernalia was moved over to Pinner's Point from West Norfolk last Saturday afternoon.

"Take time by the forelock." If your blood is out of order, begin taking Hox's Sarsaparilla at once and prevent serious illness.

Reception to Dr. Taylor. The Baptist Young Peoples' Union of the Baptist Church Baptist Church, welcomed the church's new pastor, Rev. J. J. Taylor, D. D., last night. A fine musical program was rendered. Mr. W. T. Jones, the president of the B. Y. P. U., extended to Dr. Taylor the welcome of that union, and Dr. Taylor responded in a hearty address.

NEW STEAMSHIP LINE

Three Big Speedy Steamers to Handle Cattle From Norfolk.

Big Fat Cattle at High Prices vs. Poor, Scrawny Scrubs at Starvation Prices—An Object Lesson for Progressive Cattle Raisers.

The steamship Ismore, of the Johnson Line, will sail from Norfolk tomorrow morning with 477 head of cattle beside her general cargo for Liverpool. This is the second sailing of the regular line of steamers which has been established for direct service between Norfolk and Liverpool.

Three boats have been put on for this service, the Ismore, Iran and Idar. Ismore, Oct. 4th; Iran, Oct. 20th; Ismore, Nov. 4th; Idar, Nov. 15th; Iran, Nov. 25th; Ismore, Dec. 6th; Idar, Dec. 17th; Idar, Dec. 27th. These boats make the trip in about 12 days each way.

STRONG DEMAND AT HIGHER PRICES. The Rappahannock, of the C. & O. Line, will sail from Newport News Wednesday for Liverpool with 350 head of cattle. In spite of the exceptionally high price of cattle in this country, shipments of live stock seem to be increasing and the outlook for the cattle breeder is better than it has been for years. When all calves of any good breed, find ready sale at from \$100 to \$150, and good steers will sell for from 5 to 6 cents per pound, on the farm, the breeder of improved stock has reason to be happy.

GOOD STOCK V. SCRUBS. Breeders of scrub cattle in Virginia and the Carolinas can learn a lesson if they will study the market reports. The scrub cattle from North Carolina and Tidewater Virginia cost as much to produce as the export cattle that will be loaded on these steamers and in our local market they have to be exceptionally good scrubs to bring 2 1/2 cents per pound.

The proof that good cattle would pay better in our local market is the fact that when one of the export steers is left over, and placed on this market it will sell to the local trade for from 5 1/2 to 6 cents a pound.

Trains for the Fair Grounds. Via the Norfolk and Ocean View Railway company, commencing at 7:00 a. m. Trains will leave Norfolk for the Fair Grounds every hour up to noon on the hour. After 12:00 o'clock trains will leave every 15 minutes on the quarter hour. oc3-19*
